MUSIC FOR LOVERS

Do you love music? Do you have an uncontrollable lust for hip, new music?

WBGU can help. We're a radio station dedicated to the love of music and culture. Our goal is to cover the spectrum of great music that commercial stations leave behind, while providing the community with cultural and social events and information that may otherwise be missed. We give a great opportunity to sample the critically acclaimed music you usually can't get for free.

- **Jazz Unlimited**—weekday mornings from 6 to 10. Knowledgeable jazz enthusiasts play Jazz from Ragtime to Coltrane to the modern masters.
- **Indie Rock**—Independent, or the best kept secrets in rock. Where "alternative" came from, now the home of bands like Pavement, Stereolab, Modest Mouse, Sleater-Kinney, Tortoise.....
- **Power 86**. Hip-hop, rap, R & B, slow jams and what's got the funk other stations are afraid of.
- **Specialty programming** is WBGU's reason for existence. Featuring: world music (and its a big world), electronic (with subsidiaries drum n' bass, dub, blah blah blah), reggae, politics, local music, prog rock, metal, goth, classical, gospel, punk, roots country, blues, womyn's music, ska, talk and our Sunday Latino programming.
- **Sports**. Our prime time sports department broadcasts almost all home and away football, basketball and hockey games and delivers the talk and commentary with On the Line.

WBGU is also a proud sponsor of all types of local culture. Our rock kids bring national acts (Six Finger Satellite, Modest Mouse, to name a few) to clubs at least a couple times a month. We also do benefit shows (AIDS, Home-AID) and are sponsoring a comedy show this fall. Listen in to see what's up.

Interested in getting involved with WBGU? Our DJ's are real people from the campus and local community who do radio because they love diverse music.

If you are interested in becoming a DJ (no experience/any major) or getting involved with the station, come to the meeting or stop by at 120 West Hall.

DJ TRAINING CLASSES begin

Monday Sept. 8 / 9 P.M.
121 West Hall
